Questionnaire on the reporting and complaint facilities for social safety in higher education

Andersson Elffers Felix (AEF) and the Kohnstamm Instituut are conducting a study, commissioned by the Ministry of Education, Culture and Science, on the functioning and evaluation of the reporting and complaint facilities for social safety in higher education. With this research we want to formulate recommendations to improve these facilities.

## Do you want to participate?

We have developed two questionnaires to collect experiences with the reporting and complaint facilities: one for students and one for employees. Scan the QR-code to participate.

*The questionnaires can be done anonymously and you can stop at any time. The questionnaire is open until December 20th.*
